Now go out and set a few Holiday standards for your own family ...

Check out these fun events for **your** Christmas Vacation!

[Zoolights at the Oregon Zoo](#)

[Peacock Lane!](#)

[Visit with Old St. Nick](#)

[Hang out with some real nutty people](#)

[If you can “bear” it, you can listen to an old friend](#)

[You can stay home and binge watch other peoples’ fun](#)

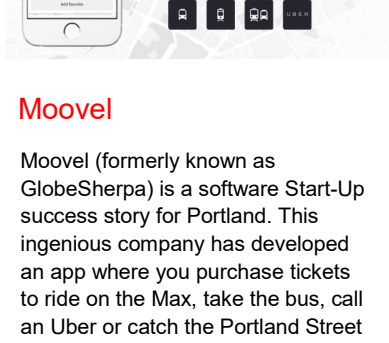

[Take some time to give a little back](#)

[Decorate the house](#)

Old school delivery meets new school delivery ...

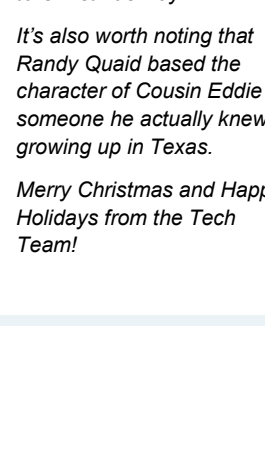

This Holiday season UPS has begun to use electric bicycles to deliver packages in the Portland Metro Area. The electric bikes are set to be used year around after the testing period and were designed and manufactured by a Portland company called [TruckTrikes](#). The bikes are expected to lower emissions and be easier to navigate through densely congested urban cities.

December 2016

Moovel

Moovel (formerly known as GlobeSherpa) is a software Start-Up success story for Portland. This ingenious company has developed an app where you purchase tickets to ride on the Max, take the bus, call an Uber or catch the Portland Street Car all from the comfort of your very own smartphone. Download the app by following this link: [Moovel](#). Then start making travel arrangements to keep up with the Griswald's by taking your family out on one (or all) of our suggested Holiday fun events!

Editor's Note:

Although the movie is titled "Christmas Vacation" your editor is asking you, dear reader, to notice that in the movie we never actually get to Christmas Day.

It's also worth noting that Randy Quaid based the character of Cousin Eddie on someone he actually knew growing up in Texas.

Merry Christmas and Happy Holidays from the Tech Team!

The Elusive “MPC”
(Most Place-able Candidate)

We'd appreciate a notice from you out there in the field offices if you come across this awesome-ness:

Currently seeking: **iOS Developer**. The ideal candidate will possess:

- ◆ Bachelor's degree in Computer Science
- ◆ 2+ years of experience as an iOS Developer
- ◆ Advanced knowledge of Github
- ◆ Experience working with Xcode tools
- ◆ Skills to watch the same Christmas movies over and over every year
- ◆ Knowledge to use third party API's
